

Kitsap Photography Guild, Olympic College Photography Classes, and Bremerton School District - Career & Technical Education's Photography Class

Present:

George Lepp—No Limits

George Lepp shares the capture techniques and technology he's developing and using right now, in the wild and in the studio, including achieving unlimited depth of field in both high-magnification and landscape photography; conveying action through time and space; and capturing intimate wildlife studies using extreme telephoto lens techniques.

George D. Lepp - One of North America's best-known contemporary outdoor and nature photographers and a leader in the field of digital imaging. Lepp is one of the first members of Canon USA's Explorers of Light and Printmasters programs, featuring the industry's most influential photographers.
